13. Objective of the Programme:

Educate students on the importance of intellectual property rights and help them manage their IP effectively. This includes providing guidance on patent filing, copyrights, trademarks, and other forms of IP protection. Encourage students to engage in innovative thinking and entrepreneurial activities by providing them with the necessary resources, mentorship, and support systems.

14. Key Outcome of the activity

The key outcome of building a pipeline of quality innovations and startups in HEIs through the YUKTI Innovation and IPR Repository is strengthening the flow of high-potential ideas to incubation units and investors. This is achieved by creating a centralized repository of student and faculty innovations
