13. Objective of the Programme:

Identify and nurture faculty and students who can serve as Innovation Ambassadors to lead and mentor others within the institution. Develop a collaborative environment where students, faculty, industry, and other stakeholders can interact and innovate together.

14. Key Outcome of the activity

The key outcome of the activity to facilitates the structured engagement of trained faculty and students in various innovation and entrepreneurial activities, encouraging collaboration among different stakeholders within and outside the institution. By building a network of trained and motivated IIC members and IAs, the framework ensures the sustainability of innovation initiatives within the institution, leading to long-term impact and continuous growth in innovation and entrepreneurship.
